31	1996	Teacher Support and Development Through TeleNex	The University of Hong Kong	Two computer databases, Telegram and Teleteach, on English language grammar and teaching ideas were developed/converted for open access on the Internet. Telegram was a computer-based database of teaching materials which could be accessed via TeleNex and downloaded for printing. The materials covered all secondary levels across all school bandings with guidelines for teachers. Teleteach was a bank of good quality materials which were tailored to the Hong Kong context in terms of the curriculum, public examination syllabuses, class size and students' needs. It covered writing, reading, speaking, integration of skills, grammar and vocabulary. Professional support and services for teachers of English were also offered through the network.
32	1996	Communication in the Professional Workplace	Hong Kong Society of Accountants	A course book entitled "The Written Business Communication: A Course for Accountants" was developed to provide self-study materials on teaching of grammar in English for junior accountants in the workplace. The course book was made available for use by the Hong Kong Society of Accountants and other institutions authorised to offer written English language programmes for accountants.
33	1996	English Language Acquisition - A Book-based Programme Pilot Project	Hong Kong Council of Early Childhood Education & Services Limited	This project was conducted in eight classrooms of four pre-school centres to improve English language learning and teaching in Hong Kong. It was the precursor to a long-term project for developing a package on English

				through regular publication of a student newspaper.
62	1998	An English Camp - with "Supermarket" as the theme	Tang Shiu Kin Victoria Government Secondary School	A one-and-a-half-day English-speaking camp was organised for Secondary 1 students of a school to help develop students' interest and confidence in English. Participating students were divided in two groups, one as in a supermarket and one as in a restaurant. Some students were observed reserved and passive but many others were more receptive to an English speaking environment. They were able to think independently and express themselves in English freely.
63	1998	Oral Skill Development Enhances the Success of English Language Learning at Secondary Level	Hong Kong Taoist Association The Yuen Yuen Institute No. 2 Secondary School	Five workshops were organised for teachers of a secondary school to develop the teachers' initiation and skills in providing oral activities in English lessons. Teachers were tasked with conducting the oral language activities in class and noted students' responses. After the workshops, participating teachers were observed more eager to get more ideas on practical oral activities for their classes.
64	1998	An Inter-disciplinary Approach to Develop Students' Reading Skills and Strategies in English	Fung Kai Liu Man Shek Tong Secondary School	Two lessons per cycle were allocated for Secondary 1-3 of a school to prepare junior secondary school students to read non-fiction books in senior forms. Training workshops for teachers were organised to facilitate them in teaching.

68	1998	Activity-based Programmes in English Language	Youth Groups Vernema Children & Youth Centre cum Study/Reading Room	A series of programmes was organised for primary and secondary school students in Tseung Kwan O to raise students' interest in English and enhance their ability in both written and oral English. Programmes included English Fiction Reading Award Scheme, Recommend Fictions Campaign, English Empowerment Group (Secondary 1-2), English Speaking Club (Secondary 5-6), English Puppet show, Scrabble Competition, Fun English Camp (Secondary 1-2) and English Fun Fair (primary and secondary students). About 450 primary and secondary school students participated in various programmes.
69	1998	Enhancement of English Proficiency	Homantin Government Secondary School	The project was based on a pragmatic platform combined with a school-based research on students' perception of their language needs and their actual standards in English. The evaluation completed by the participating Secondary 6 students showed that both girls and boys identified listening and vocabulary building as the most difficult aspects about learning English. Day camps and meetings with international school students were organised for the students. Most students had chances to improve their speaking skills in the camps and the meetings.
70	1998	Extensive Reading Scheme	Salesian English School	This scheme aimed to cultivate students' interest in reading English. Each student needed to keep a reading record.

87	1999	Using Literature in English as a way to enhance creativity and language learning in Hong Kong	City University of Hong Kong	Two resource packages, namely, 'The Programme of Stories in English (POSIE)' and 'The Poetry Video Project (PTV)' were developed. The resource package 'POSIE' was developed from the research project on using novels and short stories in the English language classroom. It included a set of ten short stories and related pre-reading, while-reading and after-reading language activities for teachers' use. The poetry video package was developed to stimulate young people's interest in poetry in English by imaginative presentation (cartoon animations and films) through modern media. 13 short videos based on classic English poems, ranging in length from 2 to 20 minutes, were produced.
88	1999	Exploring the Effectiveness of a Short-term Overseas English Language Immersion Programme for B.Ed Students	The Hong Kong Institute of Education	This study aimed to determine the language, cultural and personal benefits of BELIPST, a short-term (10-week) overseas language immersion programme. Findings showed that English language competency, oral-aural skills in particular, of the participants was enhanced upon completion of the programme. It was found that home-stay was a crucial factor for such improvement. The study informed of the design of short-term overseas immersion programmes in future.
89	2000	Incentive Grants Scheme	SCOLAR Support Unit/Education and Manpower Bureau	The scheme aimed to strengthen teachers' understanding of the system of English language and pedagogy through providing teachers with partial funding for degree studies.

133	2007	Promotion of English (2006/07) - English Festival 2007 - English Language Teaching Rap Ambassadors Programme	The Chinese University of Hong Kong	35 secondary school English teachers were trained as Teacher Ambassadors in workshops and a day-camp on using rap lyrics, hip-hop music and language arts as means for promoting English language acquisition among secondary school students. These Teacher Ambassadors provided school-based training to their students. The series of activities built motivation and momentum in individual schools. About 160 students performed for an audience of 500 people.
134	2007	Promotion of English (2006/07) - English Festival 2007 - Rugby English Active Learning (REAL)	Hong Kong Rugby Football Union	900 students from 20 secondary and 20 primary schools were trained to play rugby. Participating students were immersed in an English-speaking environment with native-English-speaking coaches. It was observed that the programme provided students with interesting English learning experience.
135	2007	English Tree: A Symbol of Creative Writing	SCOLAR Support Unit/Education and Manpower Bureau	English Tree was first introduced in English Festival 2006 to encourage students to use their imagination and write creatively in English. A training workshop for primary English teachers was held to introduce creative writing. After the workshop, teachers promoted to their Primary 4-6 students the fun and experience of creative writing by creating an ending of a story. Student entries were submitted for selection for public display on the "English Tree".
